OUERIES MREPLIES

SERIES OF HALF-HOUR TALKS ON THE BIBLE

IN THE FORM OF QUESTIONS AND BRIEF ANSWERS, BY REV. E. B. CAKE.

As we proceed with our study, the object with which we started grows in clear news, i.e., is, in the moreal fible shall be displaced by the real Bidle. We now have the means are refore of tracing the theory which gives us an unreal Bilitic flow in secon on through the several stakes of ling growth till it flowers into an "Infailine Book." We are not coily able to trace the growth of this theory, but we can account for Humards!. As a theory it cannot be stated reasonably. It can be shown to be a supersurion in the bihil obstrikes of other peoples. R Heber Newton-syst." Our hibbloatry is disappearing none too last. It has always wrought evil on civilization. Like all other anachronisms, its original helpfulness to proceed the state of the

and doings of the off ages, which civiliza-tion has rejected in order to make pro-gress, but will be able to explain then naturally, rationally and historically

As we get rid of the unreal, and find ourselves in possession of the real Bible, we will find ourselves calling the Bible writings literature and not "revelution."

we will find ourselves calling the filling writings illerature and not "reventation." I quote a few scatteress from editorial pages of The Outlook—the old Christian Union—on "The fillide has Literature." If wa suppose, as we have good reason to do, that the Ten Commandments, in substance, though not exactly in their present form, date from the days of Moses, (it is an undersible frust that in some portions of the sacred writings of the Egyptians, notably the 'Book of the Dead', contains the Mosale ethical and religious conceptions, in almost his idea tited words, I e., 'Thou shalt not take the name of the Lord thy God is sain. 'Band that the Pourt-Mosape was written near the end of the first century, a period of over 15 centriese elspace was written near the end of the first century, a period of over 15 centriese elspace between the entirest and saces is precioused fitting these three in this unique volume. During these

We now pass to the Twenty-third Queetion by asking—Are the time daies in
the common version to be relied
upon?

any value whatoever, nor should we feat the woes pronounced by that. "Son of Thunder" at the close of the New Testa ment volume." If anyman shall take away from the words of the book of this pre placy God what Lake, way his part our of the book of life."

Those who wrranged the canon of the New Testament several hundreds of year-

ing it appear that his impreentions cerning those who "add to" or ' from" includes in its scope the outir

Question Twenty-sixth-Would it he

Question Twenty-sixth—Would it he a right use of the Bhile to accept list us it tenances. Wherever found, as the words of God, to quote every speaker and every sping, in its pancer as expressing to us the mint of God? No; this would be a flactant and improper use of the Bhile—(such use is a common one) it a very wong time. To thousands, and a full proportion of them teachers, the objective graduates and Due tors of Divinity, the whole case is settled for them by "Its is the Bhile" as it to flad a certain thing enjoined in the Bhile lead a moral obligation to do it tupos all most houghout all time.

A case in point: Our present musicipal Government is endeavoring to enforce a pointer our parent musicipal Government is endeavoring to enforce a pointer county a religion.

would an act passed by the British Parlis ment.
When the sayings of every speaker it. When the sayings of every speaker it. When the Bible are reduced to their lowes terms; when the moral and apirtus equation is cleared of all unnecessary factors by elimination; when the violent cleared of mists and clouds; when we have rid ourselves of the allegories an expends of these as and the folk-lore to the same of the

in the ethical and spiritual teachings of thim who presents a "new way of life" and a perfect way of life. Having found the new way, we lose increast in the criescross winding of the past Having found the new and all comprehensive creed, "Then shelt love the Lord thy God with all thy heart, and thy neighbor as thyself," we care not so much what the ancient world believed, only as it marks stages in their growth. Having learned that the race had its childhood, we naturally expact to find it talk in the pictorial language of childhood; hence the allegories, iggueds and,

avibs. These are as real in thair im-gination as all cise, but they are not real history of God's doings, but real only as allegories, legends and myths.

autegories, tegenos and mytus. Question Twerty sevanth—On a right use of the Bihic are we to accept everything recorded in it as an histori-cal reality, something that took place as described?

laving men. of like passlons as we our selves, with the same hopes and fears, the same capacities and imperfections."

We now past to the Twenty-third Queet then by asking—Are the time dates in the common version to be relied upon?

No; they are wholly misleading; the Revised Version emirely discards them At the beginning of Gonesis, Authorizes Varsion, we have the time date of 404 B C. creating the impression that the work of creation began that number of years B C., when the scielatife verified data carries beginnings indeterminate mone between the same through the same throu

sent grass of it and who are protited ealittle.

Result accord, the general reading of
the whole Blub will become less and less
